

## **Subaru Crosstrek 2013-17 Ladder Installation**

Version 1.0 & 2.0

Start by cleaning the area where the bracket will be installed. With rear hatch door shut, place and stick top bracket one inch to the right of the inside edge of roof rails as shown in **photo 1**.

Place the ladder onto the upper bracket in the provided slots (under the top of ladder). It should slip right into place and lock in, as shown in **photo 2**.

**\*Please not - redesigned ladder is not shown in photos but still attaches the same!**

With rear door open, align bottom of the ladder parallel to the bottom of rear door . Attach bottom bracket with provided screws to base of ladder (over the lip of the bottom door hatch), as shown in **photo 3**.

**Notice of Disclaimer: NASHFABCO, including its owner and entities are not liable for any damages to vehicle that may occur while installing, nor for any physical injuries sustained during installation or use of product.**
